

Digital Media 2-4 Summer 25' 30 Day Photo Challenge

Do this June 15- July 15 or Pick 30 consecutive days during your vacation.

Here is a little photo challenge for you to keep your creative juices flowing. All you do is look at the prompt for each day and try to capture what that word or phrase means to you.

These photos don't even have to be of the specific prompt. It can be your interpretation of it. Say you want to take a self portrait... it doesn't have to include your face if you're not feeling cute that day. Maybe it's just your hand, or your shadow. I encourage you to be creative and have fun with it!

So starting June 15th, use these prompts to take 30 days of photos. It can be with a phone or a camera... just as long as you are the one that captures the image.

You can take a photo of this list to have in your phone Notes.

Insert all your photos into Google Slides and include the prompt with each photo in your slideshow. Be prepared to submit your slideshow the first week of classes as your first grade for the term.

1. Self-portrait	16. Now playing
2. Someone you love	17. What I'm procrastinating on
3. Your favorite place	18. What I can't wait to do
