5. New Business

- a. School Based Entrepreneurship
 - Request for \$3000 to allow the Dwyer steps program to keep their bus operations on average they take in about \$15 per day and it costs them a minimum of \$17 per day to keep the bus operational, this bus is owned by the school district of palm beach county, however it was a donation from a real estate investor. Therefore the district forces all costs to be absorbed by the program, they did not know this at the time, and it hit them by surprise. This money will be a short term fix to the solution, and allow the students and there wonderful program to be operational. This bus is used all across campus and not just for the STEPs programs, it was mentioned that multiple programs including; athletics, finance, and aice travel tourism use the bus. Principal Brooks pledged to match whatever SAC approved the request for. Many of our members thought that \$1,500 was acceptable, and with this pledge from Principal Brooks they would incur the required \$3,000.
- b. Motion to Approve \$1,500 to the School Based Entrepreneurship Program.
 - Motion- Lisa Marie
 - Second- Sienna Arce
 - Outcome- Unanimous
