- Boat Yards
- Construction Sites
- Supply Yards
- Loading Docks

Forklift Training

Forklift Operator Safety Course

The Chuck Shaw Technical Educational Center forklift course is completed in one day. It is 5 hours in length and it consists of a 2-hour classroom session and 3 hours of hands-on instruction and observation of every student. The course is offered in English and can be offered in Spanish.

Safety Certification

Safety certification is required by law for all employees operating a forklift in the State of Florida. This certification meets OSHA standards. OSHA regulations permits only trainees 18 years and older to obtain certification. At the successful completion of the course, all trainees will receive their certification with a 3-year validity period.
