Principal's Perspective

Happy New Year and Welcome Back! I hope each of you had a restful and meaningful time with your family and friends during the winter break. I also hope you are relaxed, recharged and ready to finish strong for the second half of the school year of 2025. I am so pleased that you are part of our amazing South Intensive Transition School and ACCEL Academy. We are thankful for all opportunities to influence young lives. Our students are the reason we are here!

As they returned to school this month, we greeted our students with our positive mindset, and we strived to make the atmosphere welcoming for all of them. Our goal for ALL of our students is for them to be successful through consistent attendance, utilizing help from our faculty, and working responsibly. We know these are characteristics that will build great habits to carry them successfully throughout their lives.

Mr. Reginald Jeudy, Ed. S
Principal

January 27th is International Holocaust Remembrance Day in which we commemorate the 80th anniversary of when those at Auschwitz-Birkenau Death Camp were liberated. We honor the memory of

the six million Jews and millions of others who were victims and survivors of the Holocaust. This year's theme for International Holocaust Remembrance Day is "For a Better Future", and let this day serve as a reminder of the horrific events and to stand up for those who human rights are under threat. American Association of
**Caregiving
Youth**

**Child Caregivers:
A Hidden, Vulnerable Population**

Across the U.S., child caregivers face immense challenges, often sacrificing their education and health to care for family members with chronic illness, injury, disability, or functional decline.

These young individuals take on adult responsibilities, such as bathing, feeding, administering medications, and more. The stress of caregiving creates barriers to learning, completing school, and experiencing childhood.

Of young adults who dropped out of school, 22% did so to provide care for family members.

The American Association of Caregiving Youth (AACY) established the **Caregiving Youth Project (CYP)** in 2006 to support student-caregivers and their families at no cost.
