## **Purpose of Collection Development Policy**

The Collection Development Policy is designed to support the Jerry Thomas Elementary School Library's mission statement to provide a collaborative program that supports the development of inquiring, knowledgeable, and caring young people. The library strives to assist all students in becoming global citizens who have a lifelong love of reading and who use the information to create a better and more peaceful world through intercultural understanding and respect. This policy serves as a guide for selecting, acquiring, evaluating and maintaining the Jerry Thomas Library collection. As our student, faculty, and staff population diversifies and grows, we will reassess and adapt our collection to reflect new and differing areas of interest and needs. Our priority is to offer titles and subject areas desired and needed by all users. We also strive to offer materials in print, digital, and electronic media formats. The collection development policy is annually evaluated and revised as necessary to provide guidance for implementing changes in the collection.

## **Background Statement & School Community**

Jerry Thomas Library Media Center serves 698 students in grades kindergarten through fifth grade, in addition to the faculty, staff and parents of that community of users. Jerry Thomas has a culturally and ethnically diverse student population representing different economic backgrounds and includes 382 Caucasian, 242 Hispanic, 24 African-American, 27 Asian/ Pacific Islander, 13 Multi-Racial, and 2 Indian students.

47% of the students qualify for Free or Reduced Lunch. Students with disabilities represent 16% of our population and our English Language Learners make up about 24%. Our school also has four classrooms designed to serve the needs of students on the Autism Spectrum (ASD).

## **School Mission Statement**

Jerry Thomas Elementary is committed to providing a world-class education with excellence and equity to empower each student to reach his or her highest potential with the most effective staff to foster the knowledge, skills, and ethics required for responsible citizenship and productive careers.

---

## **Media Center Mission Statement**

Our Jerry Thomas Library Media Center is committed to working collaboratively with all stakeholders to provide a world class, inspirational and creative learning environment. The Library Media Center is dedicated to designing and maintaining a library media program that supports, complements, and expands the instructional program of the school. All students can achieve their utmost potential and a love of literacy through a challenging and motivating curriculum that will support and enrich the classroom curriculum. We believe all students will become literate and productive citizens of a global society.

## **Responsibility for Collection Management & Development**

The library media specialist is responsible for the collection management and its development, however, decisions are not made without the input of administrators, teachers and students. Throughout the year, teachers are asked to give input on titles or topics they are covering, and administrators are also consulted before purchasing. The Media Specialist sent Google Forms to teachers before State Funds were spent in order to get an idea of what titles, series, or topics they felt were underrepresented in our library. As a member of academic leadership, the media specialist also regularly consults with administration and leadership staff about all-things-library. During the year, the media specialist consults with students during their fine arts time in order to get an idea of books/authors/topics that interest them. An end of year survey is also given to intermediate grades in order to plan for additions for next school years' collection.

## Library Program

Our Jerry Thomas Library Media Staff consists of one full-time certified media specialist. We utilize trained PTO parent volunteers to maintain organization of the library and restock shelves as books come in. A full time media clerk position may return if enrollment increases. The library/media center is on a five day rotation schedule with art, music, physical education and either SLL or science lab. 38 classes are seen each week including 4 split ASD classes. The media specialist teaches classes on the wheel PART TIME, sharing the daily class rotations with the Guidance Counselor. Morning classes have Guidance and afternoon classes have Media for two weeks at a time and then we switch. Media is taught as part of the Fine Arts program covering State Standards, ALA/AASL Standards, and National Education Technology Standards.

Foremost among national standards for school library media programs is the need to work collaboratively with teachers to develop meaningful information literacy lesson plans that integrate into classroom learning. At Jerry Thomas Elementary School, the library media specialist reviews the standards being taught at a grade level in any given week and works to develop compatible lessons that support classroom learning.

Except for the occasional need to use the media center for special events, the library is open each day that students are in attendance to ensure equitable access for all students to library media resources. Students are able to access the library from 7:30 – 2:00 each day, regardless of their fine arts rotation.

### **Responsibilities of the library/media center:**

- To provide a comprehensive collection of instructional materials that will enrich and support the standards taking into consideration the varied interests, abilities and maturity levels of the students served.
- To provide up to date materials that will stimulate growth in factual

knowledge, literary appreciation, aesthetic values and ethical standards.

- To provide a background of information that will allow students to make intelligent choices and judgments in their daily lives.
- To provide materials on opposing sides of controversial issues so that young citizens may develop, under guidance, the practice of critical analysis of all media.
- To provide materials representative of the many religious, ethnic and cultural groups and their contribution to our American heritage.
- To provide materials that will allow teachers to grow and develop professionally so they are knowledgeable of the best methods and practices that may best help their students learn.
- To place principle above personal opinion and reason above prejudice in the selection of materials of the highest quality in order to build a comprehensive collection appropriate for the users of the library/media center.

### **Special Initiatives:**

- **Reading Counts:** The library media program supports students as they mature into lifelong learners through Reading Counts. Reading Counts is a computerized reading incentive program where students are encouraged to read and answer comprehension questions. The LMC tracks the school's success through the number of points earned each month and the annual number of words read. Additionally, students are recognized individually by receiving a book charm for every 10 or 20 points earned each month to add to their reward necklace. There are also prizes given to students who earn their way into the JTE One Million Word Club by reading over one million words in Reading Counts. (Planning to transition the same incentive programs utilizing Book Taco pending the TCH approval)
- **SSYRA Google Classroom Quizzes and Brag Tags:** Short response/essay style questions are created for each of the Grade 3-5 SSYRA books. Students who complete the quizzes with an 80% or

higher earn a brag tag charm for that book. They can complete and collect all 15 quizzes and join the WE READ THEM ALL Club here on campus.

- **Scholastic Book Fair:** The library/media center hosts two book fairs throughout the year. Students are able to purchase books of their interest.
- **Morning Announcements:** The media specialist writes and presents the morning announcements via school PA each day.
- **School Newsletter:** The media specialist compiles monthly news and events around campus to create a digital calendar/newsletter to be sent out to Jerry Thomas families.
- **Digital Citizenship:** TechSafety lessons per the District
- **Battle of the Books Club:** Will co-lead during the FY25 School Year
- **BIG Book Giveaway in collaboration with PTO's Back to School event**
- **Winter Reading Scavenger Hunt & Summer Reading Challenge:** Kona Ice Party celebrations and Glow Party reward to those who complete

## Goals and Objectives

**Goal 1:** Expand and build on the Multicultural/Spanish/Bilingual book section in our Media Center.

- Partner with our school ESOL Coordinator to apply for a GoTeach Grant and utilize funds for our Multicultural/Spanish section here in the Media Center. Work to create peer partnership groups (i.e. Book Club) and offer book giveaways regularly to our ELL students with these books as well.
- Use Media Center fundraising money to purchase and add Bilingual books to our collection
- Create additional shelf space and eye-catching bilingual labels for this expanded selection

**Goal 2:** Create and maintain a Jerry Thomas Elementary Library Media Center Facebook page in order to keep families, students and staff informed and

connected to all things Media

- Work to regularly include specifics about our school's Library Media Program on this page highlighting our program's curriculum & incentives, including Book Taco winners, and winter/spring reading challenges, new book releases, Media Center displays, Book Fairs, etc.

**Goal 3:** Prioritize weeding of our Non-fiction section in an effort to increase the age of our collection by at least 2 years

- Utilize volunteers as well as my planning time to pull and weed books that have not been checked out in the last 5 years and/or were published before 2014.
- Focus on the areas of technology, social problems, and the sciences (especially health and astronomy) first. Make purchases to replace with updated books in these areas as needed.

## Budget and Funding

Funding sources for the library/media center budget include state and county allocated funds, book fairs and class adoption/PTO donations. The annual media center budget is divided into various categories and spent as needed on supplies, books, eBooks, AV materials, and computer/digital tools.

Budget expenditures for Jerry Thomas Elementary are based on data from Destiny reports, test scores, staff surveys, and suggestions from our students. The immediate goal is to purchase books that support the State Standards, our school incentive programs, as well as Sunshine State Young Readers

<b><i>School-based Operating Budget</i></b>	<b><i>Budget FY24</i></b>	<b><i>FY25 Projected Budget</i></b>
<i>Account 551100 - Media Supplies</i>	<i>\$400</i>	<i>\$500</i>

## Purchasing Plan FY25

Approximate Purchasing Plan	
Purpose	Amount
Bilingual/multicultural books	\$2000
SSYRA and SSYRA Jr. Books	\$1500
Supplies(including laminating, poster paper, ink)	\$1500
Makerspace materials	\$500
<b>Total:</b>	<b>\$5500</b>

## Scope of the Collection

The collection of Jerry Thomas Elementary School is geared toward meeting the curricular needs of all students. Materials are organized according to the Dewey Decimal Classification System as per section 5 of School Board policy 8.12:

**Management of Library Media Materials.**-- Following practice and precedent, the school library media centers in Palm Beach County will arrange media and materials according to the Dewey Decimal Classification System.

The major collection areas in the library include: Fiction, Nonfiction (the Hundreds divisions), Easy Fiction, Biographies, Spanish/Bilingual Materials, Reference, and Professional. Many of the Fiction books have identifying spine labels to assist users in easily identifying genres. Separate areas for Historical Fiction, Scary, Mystery, Graphic Novels, Sports, Multicultural/Spanish, and Large Print have been created to help students locate books easily. Spine labels are also used to identify books that are a part of the Reading Counts program. Additionally, there is a designated Intermediate section for 4th & 5th grade students only.

The collection has both hardcover and paperback books. The library collection also has eBooks that students may access both on campus and at home, seven days a week. Students have the ability to access databases and conduct online research using their own Chromebooks or the media center's computers. In addition there are beginning chapter book and beginning reader sections labeled specifically by level for K-2nd grade students.

Materials in the collection are meant to support both curriculum and pleasure reading as per School Board Policy 8.12 section 2d:

(A comprehensive collection should).....Meet the personal needs and interests of students, including materials that: nurture the development of recreational reading/listening/ viewing, cultural appreciation, and aesthetic values; represent the many religious, racial, ethnic, linguistic, and cultural groups in our society and reflect their contributions to the heritage and culture of our civilization; foster respect for the diverse roles available to women and men in today's society; and provide access to materials in heritage language as stipulated by the META agreement.

## Equipment

Equipment in the Media Center includes a Smartboard and an Audio Enhancement Microphone (both handheld and one to be worn around your neck as needed). Workroom areas in the back of the Media Center also house two copy machines, a laminator, poster maker, two large paper cutters, 6 chromebooks and chargers, 2 iPads, a di-cut press, and a color printer. Our Makerspace area consists of materials and equipment available to students including but not limited to the following: magnetic tiles, ID blocks, Gears building set, marble runs, Strawbees, Wonder smart robot, brain flakes, pop its, Galaxy flex track pieces and car, playdoh, dominoes, board games, puzzles, legos, shape blocks, K-Nex, pop tubes, and various craft tools (scissors, glue, cardboard, rulers, markers, stickers, pipe cleaners, feathers, beads, etc.) These items are replenished and donated throughout the school year as needed.

## **Collection Development**

The primary goal of the Media Center's collection development efforts is to build a collection that supports the needs of our Jerry Thomas school community. Materials in the library are available to every student in the school, as well as staff members and parents. Acquisition and maintenance of materials is the primary function of the media staff to ensure that students have the required materials at the time of need and to enrich their educational experience. Special consideration is taken to ensure the size, variety, and age of the collection meet the needs of our learners and appeals to their personal interests.

## **Selection and Evaluation Criteria**

When selecting materials, the primary objective is to implement, enrich and support the School Improvement Plan. The library/media center makes available a wide range of materials on varying levels of difficulty with a diversity of appeal compatible with the varying interests, needs and viewpoints of learners and teachers.

Jerry Thomas Media Center materials are carefully evaluated and vetted prior to purchase, and books have at least 2 positive reviews from reputable sources such as School Library Journal, Kirkus Reviews, and Horn Book Magazine, among others. The materials are evaluated according to their aesthetic, literary and social value, appropriateness to student age and emotional maturity and relevance to the curriculum.

Furthermore, our materials reflect many cultures and ethnic groups. Materials that contain political theories and ideologies, religion, public issues and controversial topics have a balanced representation with various opinions.

Media center materials are judged as a whole, considering the author's/producer's intent rather than focusing solely upon individual pages, phrases, pictures or incidents taken out of context.

Other factors that are considered in the final decision to purchase new materials include their educational significance; need and value to the collection as a whole; and their relationship to the interests of students and curriculum course of study.

The media specialist has the responsibility of coordinating the collection development program. The media specialist uses input from teachers and stakeholders to ensure that the collection meets the needs of the school. The media specialist attends meetings, conferences and professional development to obtain information on new equipment, materials and the latest practices related to state standards and student achievement.

### **District-Wide “Procedures for Selecting and Developing Library Collections”**

[School Board Policy 8.12](#) sets out the procedures for selecting and developing library collections. These procedures are followed District-wide.

### **District Resources And Services**

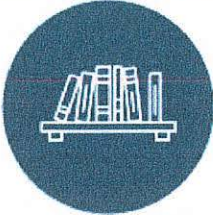

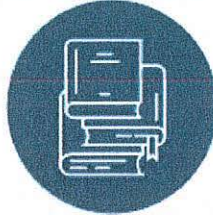

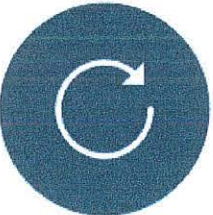

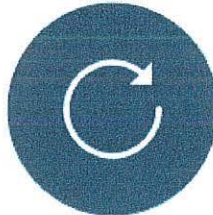

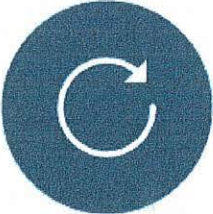

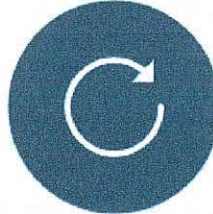

The School District Library Media Services provides support to school library media center personnel and establishes uniform policies and procedures for school library media centers throughout the District. These services include, but are not limited to:

- Maintaining a professional library collection to assist with recertification and knowledge acquisition on education-related topics;
- Managing the online catalog including the library inventory and circulation software;
- Selecting and making accessible online information databases for reference and research;
- Providing guidance and training to school library media staff in program planning, curriculum development, budget, technology, collection maintenance, facility use and media production;
- Participating in inter-departmental curriculum development, facility planning, personnel staffing, and task forces at the administrative level;
- Managing technical services for acquiring and processing resources for schools;
- Distributing to schools and monitoring categorical and capital budgets allocated for library programs, and
- Fostering a global range of services that facilitate the transformation of school-based library activities to meet the changing needs of an information society.

The School District Library Media Services works in collaboration with other District departments including the Department of Educational Technology to provide selected electronic information, the technology to access it, and the training needed to search and find specific facts efficiently and effectively.

## Collection Analysis

The collection is developed for and influenced by students, their interests, academic needs, and alignment with the curriculum. The data below is a snapshot of the collection based on a Titlewise Analysis.

			
<b>17,223</b> Items in the Collection	<b>24.6</b> Items per Student	<b>37%</b> Fiction Titles in the Collection	<b>29%</b> Percent of nonfiction in the collection
Library media resources are curated to include both recently published works and classics that both rightfully impact the average age of the collection.			
	<b>2007</b> Average Age of the Collection	<b>47%</b> Aged Titles	<b>8%</b> Newer than 5 Years
Library media resources should be representative of the school.		Skills for Lifelong Learning (SLL) library media resources can contribute to character development.	
			
<b>33%</b> Representative Titles in Collection	<b>2005</b> Representative Titles Average Age	<b>35%</b> SLL Titles in Collection	<b>2008</b> SLL Titles Average Age

## Collection Analysis By Category

The information collected in this section provides a detailed look at the current library collection by classification and genre. The information was gathered from Follett Destiny, the library management system, and Titlewave, the vendor's ordering and analysis tool.

Section	# of Titles	Average Age (year)
Computer Science, Information & General Works	90	2014
Philosophy & Psychology	49	2012
Religion	57	2001
Social Sciences	672	2000
Language	64	2001
Science	1537	2011
Technology	564	2010
Arts & Recreation	1225	2011
Literature	226	2001
History & Geography	591	2007
Biography	779	2005
Easy	4908	2003
General Fiction	6377	2009

## Gifts and Donations

Any books gifted or donated to the school must meet the same selection criteria as all other materials. No materials will be added to the collection if they are out-of-date or age-inappropriate simply because they were donated. All gifts and donations must follow the same processes as new book orders.

## Collection Maintenance

To maintain the Jerry Thomas library media collection, the Media Specialist will:

- Utilize collection analysis reports such as Titlewise to determine areas in need of additional resources or weeding.
- Examine curriculum content to determine adequacy of collection materials.
- Maintain an ongoing list of topics/areas that are in need of more resources.
- Ask staff to provide a list of research topics for which resources are needed.
- Conduct surveys of students and staff to determine adequacy and relevance of materials, as well as types of informational, curriculum and pleasure reading material to be added to the collection.
- Conduct an annual inventory of the collection to determine replacements, missing items and other material needs. Inventory will be completed on a three year rotational basis as per School Board Policy 8.12, (5) *Library media materials acquired with funds from the General Appropriation Act of the State of Florida are to be cataloged and inventoried as part of the library media collection. Library media materials may be inventoried in one to three year cycles.*

Library materials are labeled, sorted and shelved in a specific place within the library media center. Please see the detailed description of our JTE organizational design [HERE](#).

## Lost or Damaged Library Materials

If a student loses or damages District property, including library books, said student shall be required to pay for, replace or repair said items. Fines will be assessed through Destiny. There will be no fees for late materials in accordance with [School Board Policy 2.21B\(9\)](#).

## Strategic Focus – Weeding and Acquisitions

School Year	Strategic Focus
FY25	<b>Selection Priorities</b> <ul style="list-style-type: none"> <li>• Bilingual/Multicultural</li> <li>• Nonfiction – specifically to start with Social Sciences – 300s &amp; Sciences 500s</li> <li>• SSYRA titles</li> </ul>
	<b>Inventory/ Weeding Priorities</b> <ul style="list-style-type: none"> <li>• Easy Fiction Inventory</li> <li>• Non-fiction Weeding</li> </ul>
FY26	<b>Selection Priorities</b> <ul style="list-style-type: none"> <li>• Fiction – Diverse &amp; SLL titles</li> <li>• Beginning Chapter books</li> <li>• SSYRA titles (specifically the Jrs to up the age of Easy Fiction)</li> </ul>
	<b>Inventory/ Weeding Priorities</b> <ul style="list-style-type: none"> <li>• Non-fiction</li> </ul>
FY27	<b>Selection Priorities</b> <ul style="list-style-type: none"> <li>• Large Print books (based on popularity)</li> <li>• SSYRA titles</li> </ul>
	<b>Inventory/ Weeding Priorities</b> <ul style="list-style-type: none"> <li>• Fiction</li> </ul>

### Reconsideration of Materials

Complaints regarding school library/media center materials will be handled according to School Board Policy 8.1205. The Challenge Procedures for Instructional Materials can be found in Appendix D.

### Annual Evaluation and Revision of CDP

This collection development plan will be reviewed each school year.
