

Birthday Game

Read Aloud Activity

Pin the Tail on the Donkey is a popular birthday party game. Children like it because it is fun. Adults like it because it is inexpensive and it doesn't make a mess.

Here's how to play the game: Hang a large paper drawing of a donkey on a wall or door. Blindfold the children one at a time and give them a tail to pin on the donkey. The child that gets the tail closest to the correct spot on the donkey wins the game. To make the game harder for older children, you can spin them around after you blindfold them.

This fun birthday game can be purchased at any party supply store.
